Remembering what made life special

Few things help in the healing process more than a meaningful ceremony that commemorates all that made a loved one special.

A ceremony enables family and friends to come together, to remember, to celebrate, and to pay tribute to someone who was a significant part of their lives. While each of us grieves differently, a structured ceremony is known to help all who participate.

Your tribute to a loved one can be just that - your tribute.

Whether simple or elaborate; spiritual or not; private or open to the community, your ceremony can be arranged in any manner you choose. You may wish to play special songs, display photos and memorabilia from home, or choose family members and friends to share stories of how their lives were touched by your loved ones. Whatever you choose, you'll cherish the memories for a lifetime.

This booklet explains six popular choices for tribute ceremonies that are often selected by families for the ease of choosing a packages approach. Of course, you can freely choose to design a ceremony of your choice that brings comfort and peace to all who participate.

Please note that these packages do not include cash advance items or additional weekend and holiday rates.

This offering is not in lieu of our General Price List, but provided as a supplement to inspire you to remember all that made this life special...

...in your own special way.

PRICING POLICIES AND DISCLOSURES

Throughout 125 years and four generations, our staff has been privileged to serve you, along with families of New Haven and surrounding areas. Our policy has always been to provide full information to the public concerning funeral services, arrangements and prices.

The WILBERT Way

WHAT WILL BE AT THE GRAVESIDE?

The burial vault is usually set at the graveside for a brief service before interment. After the service, the cover will be placed over the base and sealed, and the grave will be backfilled, compacted, and then seeded or sodded.

Personalization CHOICES

The personalization of a vault allows for reflection on a cherished memory at the graveside service. As shown below, meaningful choices are available to personalize the carapace (cover) on many vaults to help you prepare a final, fitting tribute at the cemetery.

WILBERT CUSTOM LEGACY SERIES

The Wilbert Custom Legacy Series program offers the opportunity to choose cherished images for a special memorial collage to honor a loved one.

PERSONALIZATION PLUS PROGRAM

The Personalization Plus program allows personalization of a vault with a specialty chosen image.

WILBERT LEGACY SERIES PRINTS

Wilbert Legacy Series prints offers a unique method of personalization that is applied to the top of selected vault covers.

LIFE REFLECTIONS APPLIQUES PRINTS

A unique adhesion process applies special words or a defining image to the top of a burial vault.

WHAT IS A BURIAL VAULT?

A burial vault is a lined and sealed outer receptacle that houses the casket. It protects the casket from the weight of the earth and heavy maintenance equipment that will pass over the grave. It also helps resist water and preserves the beauty of the cemetery or memorial park by preventing the ground from settling.

If it's not lined and sealed... it's not a burial vault.

An outer burial container, or grave-box, is an unlined concrete box with drainage holes to allow ground water to escape.

Burial vaults are constructed of high-strength concrete and reinforced with a metal or plastic liner. They provide the most lasting protection.

By definition, if an outer burial container is not lined and sealed, it's not a burial vault.

SELECTING A BURIAL VAULT

As you select the vault for your loved one, you should consider several factors - the vault's material, design and personalization options. The vault's construction is a major consideration.

Wilbert burial vaults are offered in three levels of protection: PREMIUM, STANDARD AND BASIC.

PREMIUM PROTECTION

High-strength concrete, semi-precious corrosive-resistant metals and high-impact plastic combine for excellent durability.

STANDARD PROTECTION

High-strength concrete, stainless steel and high-impact plastic combine for durable inner protection in a double-reinforced vault.

BASIC PROTECTION

Single reinforced vaults feature a concrete construction strengthened with plastic for extra support.

	High Strength Concrete	Basic Strentex Plastic Liner					

In most areas of the country, state or local law does not require that you buy a container to surround the casket in the grave. However, many cemeteries require that you have such a container so that the grave will not sink in. Either a graveliner or burial vault will satisfy these requirements.

If you are purchasing a vault from E. Harper & Son, we do not claim that the vault is air and/or watertight. Please refer to the manufacturer's warranty for the merchandise you purchased.

The vault company has a Set, Seal and Delivery fee of \$275 for each vault. When necessary the vault company sets a tent for a \$35.00 fee. These fees will be added as cash advances.

INFORMATION ABOUT PRE-ARRANGEMENT

WE CAN MAKE IT EASIER.

Eight out of ten people agree that advance funeral planning is a good idea; it is just a matter of deciding when to do it. We can make it easier for you today, right now.

We can help you answer tough questions like:

"Who would arrange my funeral if something happened to me tomorrow?"

"How will I know my wishes will be honored?"

"Who will have to pay for my funeral?"

"How much should I spend on my funeral?"

Why plan my funeral in advance?

Express your own wishes. Many people find value in planning a funeral that reflects their personality, interests and life's work. Advance funeral planning ensures that your exact wishes are fulfilled and gives you a chance to discuss these wishes with your family too.

Relieve an emotional burden. It's difficult to think about your own funeral, but consider how difficult these decisions would be while grieving for a loved one. Your advance funeral plan can include every detail from the service to the casket, music, flowers and more.

Relieve a financial burden. We offer many ways to fund your funeral in advance -- there is a plan to meet your specific need. By funding your prearrangement today, your survivors won't need to bear the financial responsibility. Your life insurance and other assets can remain intact because you dedicated money specifically for the cost of your funeral.

Advance funeral planning allows you to consider all of your options. It gives you an opportunity to discuss your wishes with your family. Prearrangement ensures that your loved ones will be able to focus on the memories of your life rather than the details of your death. How can we help to make it easier? We'll be happy to tell you more.

Simply contact us today to discuss the benefits of advance funeral planning. You'll be glad you did and will join our current policy owners who say... "We're glad you prearranged."

What is the WILBERT FOUNDATION?

The Wilbert Foundation is a 501(c)(3) non-profit organization formed in September of 2002 as a vehicle by which Wilbert and its Licensee network could give back to the funeral industry and their respective communities. The Foundation's first grant, to the Funeral Service Foundation, was presented in October 2002, at the NFDA Convention in the amount of \$100,000 to support programs that benefit funeral directors, their clients, and the future of the industry.

During 2001, Wilbert recognized that a need existed to support an exclusive focus on children. It was decided that the Wilbert Foundation would concentrate on providing grants and resources to help children cope with the trauma of grief and death. Several opportunities to assist children in the grief process were explored, with a discovery made that a great financial need existed to assist Chaplain programs at Children's Hospitals.

What does the WILBERT FOUNDATION do?

The Wilbert Foundation's mission is to provide grants and resources to help children cope with the trauma of grief and death. A parallel exists between the emotional support a funeral professional provides to a family and how a pediatric chaplain consoles a child. The Foundation is determined to assist in providing support to children during their times of need to promote their lifelong emotional health.

To further this goal, they have partnered with the Pediatric Chaplains Network, a non-profit organization comprised of pediatric chaplains specializing in the care of children, to establish the Pediatric Chaplains Institute. By underwriting the development of a grief training curriculum, the Wilbert Foundation is helping chaplains to enhance their clinical skills and enable them to provide quality spiritual care to children and their families in a hospital or other health care setting. We are proud of this accomplishment and will continue to work in ways which make positive differences in the lives of children and their families.
