Remembering what made life special

Few things help in the healing process more than a meaningful ceremony that commemorates all that made a loved one special.

A ceremony enables family and friends to come together, to remember, to celebrate, and to pay tribute to someone who was a significant part of their lives. While each of us grieves differently, a structured ceremony is known to help all who participate.

Your tribute to a loved one can be just that—your tribute.

Whether simple or elaborate, spiritual or not, private or open to the community, your ceremony can be arranged in any manner you choose. You may wish to play special songs, display photos and memorabilia from home, or choose family members and friends to share stories of how their lives were touched by your loved one. Whatever you choose, you'll cherish the memories for a lifetime.

This booklet explains six popular options for tribute ceremonies that are often selected by families for the ease of choosing a package approach. Of course, you can freely elect to design a ceremony of your choice that brings comfort and peace to all.

Please note that these packages do not include cash advance items or additional weekend and holiday rates.

This offering is not in lieu of our general price list, but provided as a supplement to inspire you to remember all that made this life special...

...in your own special way.

PRICING POLICIES AND DISCLOSURES

Throughout 125 years and four generations, our staff has been privileged to serve you, along with families of New Haven and surrounding areas. Our policy has always been to provide full information to the public concerning funeral services, arrangements and prices.

Today, when individual attitudes require a variety of funeral service alternatives, you will discover our Itemized Pricing Guide to be helpful and informative when considering service details. Confirmed provisions for Payment in Full are required at the conclusion of the arrangement conference, or prior to the date of funeral visitation or ceremony, depending on services selected. Payment options are also explained on page 21.

Greater satisfaction will come through careful consideration of the details offered and their value in fulfilling your personal needs. The following price quotations are provided to assist you during these considerations.

We will provide further explanations of detailed funeral arrangements, packages or any of the information provided in this guide at the arrangement conference.

The goods and services that follow are those we can provide to our families. You may choose only the items you desire. However, any funeral arrangements you select will include a charge for our basic services and overhead. CASH ADVANCES

Cash advances are expenses with third parties that are necessarily incurred by a family for the funeral notification, observance, ceremony, and disposition that are not connected to the funeral home in any way. Examples of these expenses include, but are not limited to:

- Obituary notice in the newspaper(s)
- Opening and closing of the grave by the cemetery
- Death certificates
- Organist
- Clergy
- Crematory fees
- Set, seal, and delivery of the vault
- Other incidental charges

As a courtesy to our families, Harper's Community Funeral Home pays these fees "in advance" on behalf of the family and then itemizes these on the Statement of Goods and Services we provide to every family. We make no money on these and do not impose any type of handling fee for this service. The service is a straight pass-through of costs as required by the respective providers. Should you have questions regarding these expenses, please ask our office manager, Ms. Chevas Hefflinger, to explain in further detail.

The WILBERT Way

WHAT WILL BE AT THE GRAVESIDE?

The burial vault is usually set at the graveside for a brief service before interment. After the service, the cover will be placed over the base and sealed, and the grave will be backfilled, compacted, and then seeded or sodded.

PERSONALIZATION CHOICES

The personalization of a vault allows for reflection on a cherished memory at the graveside service. As shown below, meaningful choices are available to personalize the carapace (cover) on many vaults to help you prepare a final, fitting tribute at the cemetery.

WILBERT CUSTOM LEGACY SERIES

The Wilbert Custom Legacy Series program offers the opportunity to choose cherished images for a special memorial collage to honor a loved one.

PERSONALIZATION PLUS PROGRAM

The Personalization Plus program allows personalization of a vault with a specially chosen image.

WILBERT LEGACY SERIES PRINTS

Wilbert Legacy Series prints offer a unique method of personalization that is applied to the top of selected vault covers.

LIFE REFLECTIONS APPLIQUÉS PRINTS

A unique adhesion process applies special words or a defining image to the top of a burial vault.

WHAT IS A BURIAL VAULT?

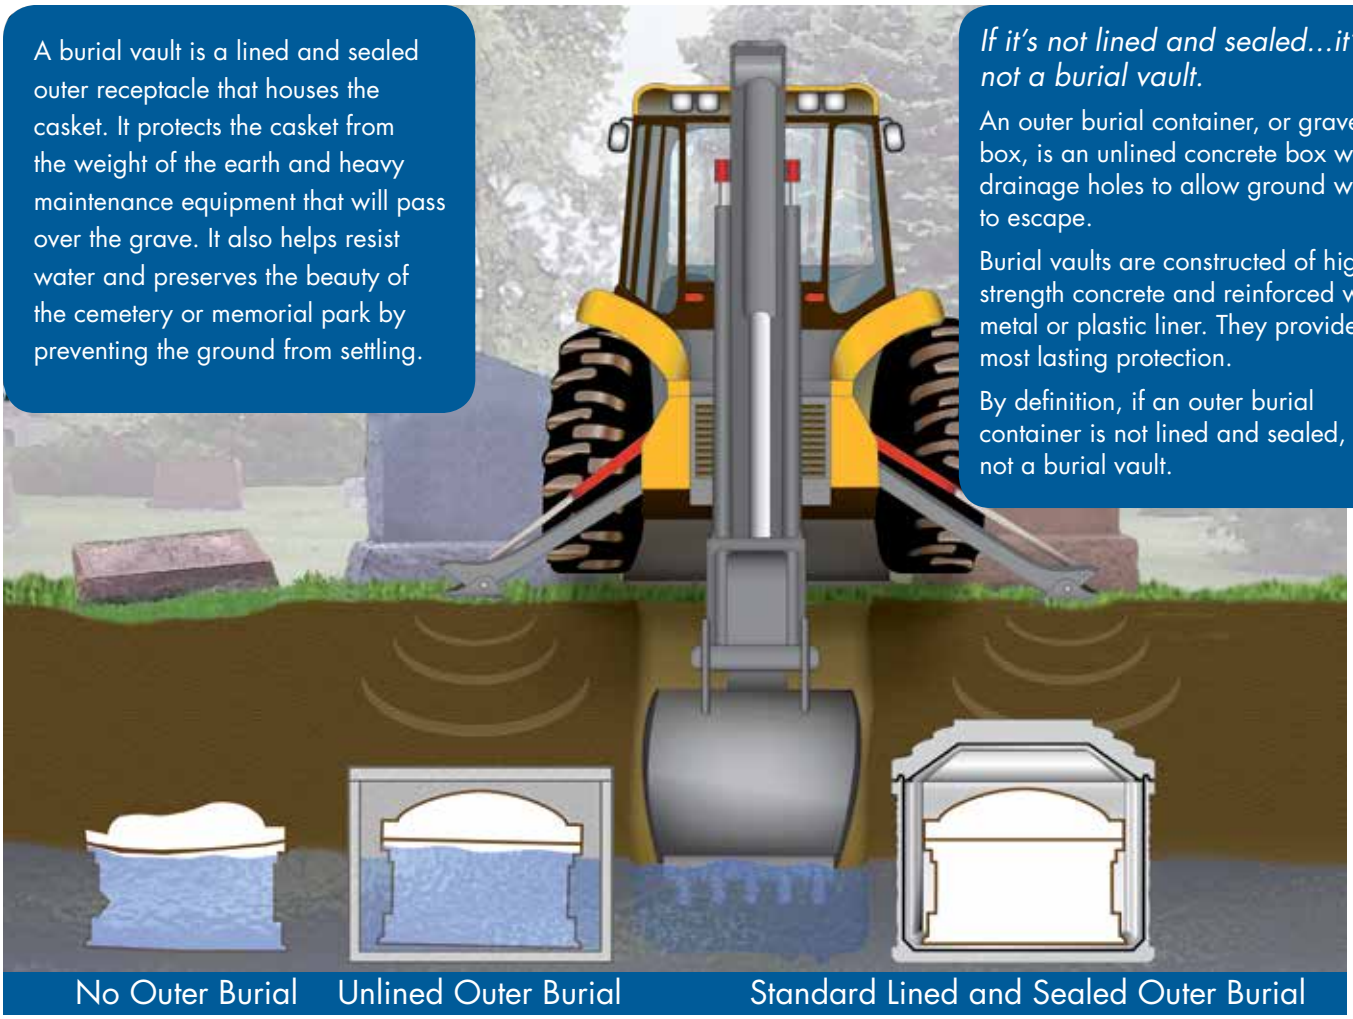
A burial vault is a lined and sealed outer receptacle that houses the casket. It protects the casket from the weight of the earth and heavy maintenance equipment that will pass over the grave. It also helps resist water and preserves the beauty of the cemetery or memorial park by preventing the ground from settling.

If it's not lined and sealed…it's not a burial vault.

An outer burial container, or grave-box, is an unlined concrete box with drainage holes to allow ground water to escape.

Burial vaults are constructed of high-strength concrete and reinforced with a metal or plastic liner. They provide the most lasting protection.

By definition, if an outer burial container is not lined and sealed, it's not a burial vault.



No Outer Burial | Unlined Outer Burial | Standard Lined and Sealed Outer Burial

SELECTING A BURIAL VAULT

As you select the vault for your loved one, you should consider several factors – the vault's material, design and personalization options. The vault's construction is a major consideration.

Wilbert burial vaults are offered in three levels of protection: PREMIUM, STANDARD AND BASIC.

PREMIUM PROTECTION

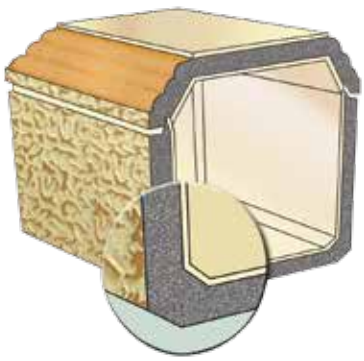
High-strength concrete, semi-precious corrosive-resistant metals and high-impact plastic combine for excellent durability.

STANDARD PROTECTION

High-strength concrete, stainless steel and high-impact plastic combine for durable inner protection in a double-reinforced vault.

BASIC PROTECTION

Single-reinforced vaults feature a concrete construction strengthened with plastic for extra support.



The WILBERT Collection

In most areas of the country, state or local law does not require that you buy a container to surround the casket in the grave. However, many cemeteries require that you have such a container so the grave will not sink in. Either a graveliner or burial vault will satisfy these requirements.

If you are purchasing a vault from Harper's Community Funeral Home, we do not claim that the vault is air and/or watertight. Please refer to the manufacturer's warranty for the merchandise you purchase.

The vault company has a Set, Seal and Delivery fee of $290 for each vault. When necessary, the vault company sets a tent for a $35 fee. These fees will be added as cash advances.
