I still remember that whole week in the treehouse before Kyle Corey and I went to Florida, and it still feels like yesterday I was on leave and got my truck stuck on the ice in your driveway, Corey preceeded to make fun of me before helping me out. I will sure miss him.

You can shed tears that he is gone or you can smile because he has lived. You can close your eyes and pray that he will come back, or you can open your eyes and see all that he has left. Your Heart can be empty because you can't see him, or you can be full of the Love that you shared. You can turn your back on tomorrow and live yesterday, or you can be happy for tomorrow because of yesterday. You can remember him and only that he is gone, or you can cherish his memory and let it live on. you can cry and close your mind, be empty and turn your back, or you can do what he would want;smile, open your eyes, love and go on. Cherish the memories and time spent with him. You will see him again, but until that day his memory will live in many hearts. Love, hugs and prayers.
