You were the best grandfather, I am so lucky and thankful to have been your granddaughter. You taught me so many things. You taught me how to change a tire, and how to take a tire off the rim. You always knew how to make me laugh. I could never really be sad when I was around you because you wouldn't allow it. You always made me smile. You were my best friend gramps. I miss you so much.

I did not know Don a long time. He was one of the "horseshoe table" men's breakfast group. He was always up for a good discussion/debate. He had a funny side that I enjoyed from the first time I met. I will miss our verbal exchanges and chats. He was serious about his AA. I admired him for his deep commitment to this group. I will miss as were in that common age group together. I will see him again in Heaven.
