Shayna Carroll, namesake and first Grand daughter was a blessing and greatest enjoyment of my life. Looking over the past portraits, and remembering how her Dad chose one in particular, brings back alot of memories. Saying she will be missed is never going to be enough. Her two uncles and her Dad along with grandpas will greet her in heaven. So, to Shayna Carroll, grandma Imbody says " Save a place for me and grandpa. Until we meet again, you are always in our hearts forever.

Shayna Carol...to my other daughter I couldn't be more grateful and proud to have had you in my life. To the swiped tomatoes out of my garden to chasing Ozzie May all over. I remember this little girl in pigtales who was a joy to have. And then when you and your Mom moved next door to us...well, it was fate to once again have you in our lives. I never thought I'd have to tell you goodbye honey. But it heals my heart to know that you're in heaven with your family, Dad and Lindsay. Until we meet again Shayna...never forgotten and loved forever.Your other Mom, Cindy

Shayna I miss you so much! This all still feels like a horrible dream. You were my best friend, but more of a sister. I'm not sure how to go on without you. All my best memories from the last 23 years have you in them. Thankyou for always being there for me no matter what & making my life so much better. You'll never leave my heart or mind. I love you! Fly high up there in the clouds ❤️❤️

I still remember you as a small child.That long brown hair and infectious smile. I can't remember ever seeing you not smiling and laughing. I will cherish the memories I have of you. The world will be a little more dim without your light. May you shine bright on your eternal journey. Love you

My sweet potato. I miss you SO much already! We sure had a lot of adventures together and some pretty awesome memories. I definitely would not be the person I am today if it wasn't for you breaking me out of my shell. I was looking forward to many more memories and growing old together. Until we meet again, sis.
