Jade and I met in the 7th grade. I remember it like yesterday. I walked into a class and sat behind her. She was new to our school so I tapped her on the shoulder, She turned around and I introduced myself. We became friends immediately. I truly enjoyed her friendship, our shenanigans, our heart to heart talks or just hanging out watching TV. I miss her daily text messages and her genuine laugh. She never met a stranger. No matter what life threw her way, she never let anything get her down. She was an angel on earth. She will be missed dearly! Until we meet again! I love you, Jadel's!!!!

I can still hear your infectious laugh. That contagious smile you always wore and the song we shared when the day wasn't going like we wanted it to at work. I missed seeing you as much as I wanted to but talked to you frequently and cherish those memories. Godspeed dear angel friend. Jade my friend. We did not see much of each other last couple years but loved talking with you and connecting on Facebook. There will be no one that can match your funny posts that had me lol. I looked forward to what would be next. Fly high with the angels my friend and be free without pressure or worries. Until we meet again 🙏❤️😊
