“ Jimmy never stopped being my big brother. He was always there for the boys and me no matter what we needed. One of the biggest hearts I've ever known. We were all blessed to have you in our lives. I love you Jimmy - thank you for everything <3 <3

“ I remember when I got in an accident in my first car and Uncle Jimmy got me a new car, an 84 camaro. It needed a tune up and a transmission mount. Jimmy and dad taught me how to install the transmission mount and do the spark plugs by myself. The thing is he did not do it a let me watch. He made me do it myself as he walked me through it. It was great quality time and a bonding experience. Teach a man to fish ya know. I will miss ya Uncle Jimmy, wish I could have spent more time with you while you were here.

“ Uncle Jimmy was stubborn. If he set his mind on something, it was gonna be done. He loved his car, and was the best backwoods mechanic I knew. I seen him replace a car exhaust with two beer cans and some string. Your gonna be missed, and I love you.

“ Jimmy, Wow. Very hard to believe you are gone. I know you are up there with your tool thingys fixing someone's ride but not their blinker fluid. Lol
You were a wealthy man! I don't mean in the monetary sense but in the matters of the heart as well as the kindness you had towards others. WE were the lucky ones to have you in our lives.
